The CSX takes no responsibility for the contents of this Offering Memorandum and makes no representations as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss arising from or in reliance upon any part of this document.

FURTHERMORE, IN ISSUING SUCH A LICENCE OR IN REGISTERING A FUND, THE AUTHORITY SHALL NOT BE LIABLE FOR ANY LOSSES OR DEFAULT OF THE FUND OR FOR THE CORRECTNESS OF ANY OPINIONS OR STATEMENTS EXPRESSED IN ANY PROSPECTUS OR OFFERING DOCUMENT.

SIGNIFICANT INFORMATION

It is recommended that any person interested in applying for Participating Shares in the Fund pursuant to this Offering Memorandum should consult his professional advisers on matters referred to in this document. No information or advice herein contained shall constitute advice to a prospective shareholder in respect of his personal position.

The distribution of this Offering Memorandum and the offering of Participating Shares may be wholly or partly restricted in certain jurisdictions. It is the responsibility of any persons in possession of this Offering Memorandum and any persons wishing to make application for Participating Shares on the basis of or pursuant to this Offering Memorandum to inform themselves of and to observe fully the applicable laws and regulations of any relevant jurisdiction.

This Offering Memorandum does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation or is unlawful without compliance with additional registration or filing requirements. In particular, the Participating Shares have not been registered under the United States Securities Act of 1933 and, other than in certain circumstances, may not be directly or

indirectly offered or sold in the United States or to or for the benefit of U.S. persons, or to others purchasing the Participating Shares for re-offering, resale or delivery directly or indirectly in the United States, or to or for the benefit of any such persons.

Qualifying Investors/Compulsory Redemptions

The Fund's Articles of Association contain a provision empowering the Fund to redeem compulsorily any Participating Shares if it comes to the attention of the Directors that any Participating Shares are owned directly or beneficially by any person who (i) is not a Qualifying Investor or, (ii) by virtue of such ownership, is in breach of any law or requirement of any country or governmental authority which might result in the Fund or its shareholders suffering taxation or pecuniary or other disadvantage which it or they would not suffer if such person (whether alone or together with other persons) was not a holder of Participating Shares. Otherwise, the Participating Shares are freely transferable among Qualifying Investors. However, the Directors accept no responsibility for, and are not obliged to ascertain whether or not such a person so owns any Participating Shares or such ownership would result in breach of any such law or requirement or bring about any such disadvantage.

U.S Persons

U.S. Persons are not Qualifying Investors and may not acquire Participating Shares.

For the purposes of this Offering Memorandum, "United States" means the United States of America, each state thereof, its territories and possessions and all areas subject to its jurisdiction and a "Qualifying Investor" means a person who is not a U.S. Person (unless expressly approved by the Board of Directors) and has an open account and signed an investment management agreement with the Investment Advisor.

All references to a "U.S. Person"- means (a) a natural person who is a citizen or resident of the United States; (b) a partnership, limited liability company or corporation organized or incorporated under the laws of the United States, its territories or possessions, any U.S. state, or the District of Columbia; (c) a trust of which any trustee is a U.S. Person, unless no beneficiary of the trust (and no settlor if the trust is revocable) is a U.S. Person, the trustee who is a U.S. Person is a professional fiduciary and a trustee who is not a U.S. Person has sole or shared investment discretion with respect to the trust assets; (d) an estate of which any executor or administrator is a U.S. Person, unless such estate is governed by non-U.S. law, the U.S. Person who serves as an executor or administrator of such estate is a professional fiduciary and an executor or administrator of the estate who is not a U.S. Person has sole or shared investment discretion with respect to the estate's assets; (e) a non discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. Person; (f) a discretionary or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; (g) an agency or branch of a foreign entity located in the United States; or (h) a partnership, limited liability company or corporation that is (i) organized or incorporated under the laws of a jurisdiction other than the United States and (ii) formed by a U.S. Person principally for the purpose of investing in securities not registered under the U.S. Securities Act of 1933 as amended, unless it is organized or incorporated and owned by

accredited investors (as defined in Rule 501(a) under the U.S. Securities Act of 1933 as amended) who are not natural persons, estates or trusts. Notwithstanding the foregoing, an employee benefit plan established and administered in accordance with the law of a country other than the United States and with customary practices and documentation of such country does not constitute a U.S. Person.

FATCA

Sections 1471 – 1474 (referred to as " FATCA") of the US Internal Revenue Code of 1986, as amended (the "Code") provide that a 30% withholding tax will be imposed on certain payments to foreign financial institutions, such as the Fund. including interest and dividends from securities of U.S. issuers and gross proceeds from the sale of such securities, unless the Fund complies with FATCA.

Although the Fund will attempt to satisfy any obligations imposed on it and to avoid the imposition of any FATCA withholding, no assurance can be given that the Fund will be able to achieve this and/or satisfy such FATCA obligations. If the Fund becomes subject to a 30% FATCA penalty withholding on most types of income from U.S. investments as a result of the FATCA regime, the value of the Participating Shares held by Shareholders in the Fund may suffer material losses. The Fund's ability to comply with FATCA will depend on each Shareholder providing the Fund with information that the Fund requests concerning the Shareholder or its direct and indirect owners. If a Shareholder fails to provide the Fund with any information the Fund requests, and, in the opinion of the Directors of the Investment Advisor, as the case may be, holding of Participating Shares by such person (whether directly or beneficially) will result in the Fund incurring any liability to taxation or suffering a pecuniary disadvantage which the Fund might not otherwise have incurred or suffered, or the Fund being exposed to any liability, penalty or regulatory action, then the Directors, may exercise its right to request a transfer of Participating Shares to another person or to compulsorily redeem the Participating Shares held by such Shareholder. Any such transfer or compulsory redemption will be done in accordance with applicable laws and regulations, and the discretion to do so will be exercised by the Directors acting in good faith and on reasonable grounds. Prospective shareholders should consult their own tax advisors regarding the possible implications of FATCA on their investment in the Fund.

Automatic Exchange of Financial Account Information

The Cayman Islands has signed an inter-governmental agreement to improve international tax compliance and the exchange of information with the United States (the "US IGA") which gives effect to the automatic tax information exchange requirements of FATCA. The Cayman Islands has also signed, along with over 100 other countries, a multilateral competent authority agreement to implement the Organisation of Economic Cooperation and Development ("OECD") standard for automatic exchange of financial account information – common reporting standard ("CRS" and together with the US IGA, "AEOI"). Cayman Islands regulations have been issued to give effect to the US IGA and CRS (collectively, the "AEOI Regulations"). Pursuant to the AEOI

Regulations, the Cayman Islands Tax Information Authority (the “TIA”) has published guidance notes on the application of the US IGA and CRS.

All Cayman Islands "Financial Institutions" are required to comply with the registration, due diligence and reporting requirements of the AEOI Regulations, unless they are able to rely on an exemption that allows them to become a "Non-Reporting Financial Institution" (as defined in the relevant AEOI Regulations) with respect to one or more of the AEOI regimes, in which case only the registration requirement would apply under CRS. The Fund does not propose to rely on any Non-Reporting Financial Institution exemption and therefore intends to comply with all of the requirements of the AEOI Regulations.

The AEOI Regulations require the Fund to, amongst other things (i) register with the United States Internal Revenue Service (“IRS”) to obtain a Global Intermediary Identification Number (GIIN) (in the context of the US IGA only), (ii) register with the TIA, and thereby notify the TIA of its status as a "Reporting Financial Institution"; (iii) adopt and implement written policies and procedures setting out how it will address its obligations under CRS; (iv) conduct due diligence on its accounts to identify whether any such accounts are considered "Reportable Accounts", and (v) report information on such Reportable Accounts to the TIA. The TIA will transmit the information reported to it to the overseas fiscal authority relevant to a reportable account (e.g. the IRS in the case of a US Reportable Account) annually on an automatic basis. By investing (or continuing to invest) in the Fund, investors shall be deemed to acknowledge that:By investing (or continuing to invest) in the Fund, investors shall be deemed to acknowledge that:

- (i) the Fund may require the investor to provide additional information and/or documentation to the Fund. The Fund’s compliance with the AEOI Regulations may result in the disclosure of investor information, and investor information may be exchanged with overseas fiscal authorities;
- (ii) in the event an investor does not provide the requested information and/or documentation, whether or not that actually leads to compliance failures by the Fund, or a risk of the Fund or its investors being subject to tax or penalties under the relevant legislative or inter-governmental regime, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption of the investor concerned;
- (iii) no investor affected by any such action or remedy shall have any claim against the Fund (or its agent) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Company in order to comply with the US IGA, CRS or any agreements, laws or regulations entered into or implemented by the Cayman Islands for the purpose of ensuring and/or enhancing international tax transparency; and
- (iv) the Fund will endeavour to satisfy the requirements imposed under FATCA, the US IGA, CRS and the AEOI Regulations to avoid any withholding tax. In the event that the Fund (or its agent) is not able to comply with the requirements imposed under FATCA, the US IGA, CRS and AEOI Regulations and the Fund does suffer

withholding tax on its investments as a result of non-compliance, the Net Asset Value of the Fund may be adversely affected and the Fund may suffer significant loss as a result.

Each investor and prospective investor should consult with its own advisors as to the potential impact of FATCA and CRS on such investor.

Other jurisdictions

It is possible that certain dividends, interest and other income received by the Fund from sources within certain countries may be subject to withholding taxes imposed by such countries. The Fund may also be subject to capital gains taxes or other taxes in some of the countries where it purchases and sells securities or otherwise conducts business. It is impossible to predict in advance the amount of tax that will be paid since the amount of the assets of the Fund to be invested in various countries and future rates of tax that may be applicable are uncertain

In this Offering Memorandum all references to "dollars", "\$" and "cents" are to the currency of the United States of America, unless otherwise stated, and a "Business Day" is a day on which the banks are not closed for business in the Cayman Islands.

IT SHOULD BE NOTED THAT THE REDEMPTION PRICE OF PARTICIPATING SHARES AND THE AMOUNT OF INCOME, IF ANY, AVAILABLE FOR DISTRIBUTION CAN GO DOWN AS WELL AS UP.

Regulation of the Fund in the Cayman Islands

The Fund falls within the definition of a "mutual fund" under the Mutual Funds Act (as revised) of the Cayman Islands (the "Mutual Funds Act") and, accordingly, has obtained a license from the Cayman Islands Monetary Authority (the "Authority") under section 4(1)(a) of the Mutual Funds Act. The Fund will be required to file this Offering Memorandum (and any changes thereto) with the Authority and to file annual audited accounts with the Authority. The Fund is also subject to Rules issued by the Authority from time to time pursuant to section 34 of the Monetary Authority Act (as revised) and to file audited accounts with such authorities on a regular basis.

As a "regulated mutual fund", the Fund is subject to the supervision of the Authority and the Authority may at any time instruct the Fund to have its accounts audited and to submit them to the Authority within such time as the Authority specifies. In addition, the Authority may ask the Fund and/or any of its Directors to give the Authority such information or such explanation in respect of the Fund as the Authority may reasonably require to enable it to carry out its duty under the Mutual Funds Act.

The Fund and/or any of its Directors must give the Authority access to or provide at any reasonable time all records relating to the Fund and the Authority may copy or take an extract of any record to which it is given access. Failure to comply with these requests by the Authority may result in substantial fines on the part of the Fund and its Directors and may result in the Authority applying to a court to have the Fund wound up.

The Authority may take certain actions if it is satisfied that a regulated mutual fund is or is likely to become unable to meet its obligations as they fall due or is carrying on or is attempting to carry on business or is winding up its business voluntarily in a manner that is prejudicial to its investors or creditors or the direction and management of the Fund has not been conducted in a fit and proper manner or a person holding a position as a director, manager or officer of the Fund is not a fit and proper person to hold the respective position. The powers of the Authority include, inter alia, the power to require the substitution of any Director, to appoint a person to advise the Fund on the proper conduct of its affairs or to appoint a person to assume control of the affairs of the Fund. There are other remedies available to the Authority, including the ability to apply for a court order to take such other actions as it considers necessary, to protect the interests of investors in and creditors to the Fund.

The Authority does not take responsibility for the Fund's investment programme, nor does it monitor compliance with the investment guidelines and restrictions set forth in this Offering Memorandum.

The Fund is not registered or licensed, as the case may require, (and does not intend to be registered or licensed) in any jurisdiction or with any supervisory or regulatory authority outside the Cayman Islands.

Data Protection Legislation

In the course of business, the Fund will collect, record, store, adapt, transfer and otherwise process information by which prospective investors may be directly or indirectly identified. The Fund and/or any of its delegates or service providers may process prospective investor's personal data for any one or more of the purposes and legal bases set out in Fund's Data Protection in Appendix G. The Fund holds investor data primarily in the Cayman Islands. Where specific processing is based on an investor's consent, that investor has the right to withdraw at any time. Investors have the right to request access to their personal data kept by the Fund and the right to rectification or erasure of their data and to restrict or object to processing of their data, subject to any restrictions imposed by any applicable data protection legislation. Investors are required to provide their personal data for statutory and contractual purposes. Failure to provide the required personal data or an objection to processing may result in the Fund being unable to permit, process, or release the investor's investment in the Fund and this may result in the Fund terminating its relationship with the investor. For more information on the Fund's data protection policies, see the Data Protection Notice in Appendix G.

Anti-Money Laundering Regulations

The Fund is required to comply with the Cayman Islands Anti-Money Laundering Regulations (as revised) (the “**Regulations**”), the Proceeds of Crime Act (as revised), the Terrorism Act (as revised), the Proliferation Financing (Prohibition) Act (as revised), the Guidance Notes on the Prevention and Detection of Money Laundering Terrorist Financing and Proliferation Financing in the Cayman Islands, directives and guidance issued by the Cayman Islands Monetary Authority and the Cayman Islands Financial Reporting Authority (the “**Anti-Money Laundering Regime**”).

In order to comply with the Anti-Money Laundering Regime, the Fund is required to adopt and maintain anti-money laundering procedures, and will require verification of identity from all prospective investors and source of funds (unless in any case the Fund is satisfied that an exemption under the Regulations applies). Where permitted, and subject to certain conditions, the Fund may also delegate the maintenance of its anti-money laundering procedures (including the acquisition of due diligence information) to a suitable person.

The Fund reserves the right to request such information as is necessary to verify the identity of a prospective Shareholder. In the event of delay or failure on the part (and from time to time update) of the prospective Shareholder in producing any information required for verification purposes, the Fund may refuse to accept the application for Participating Shares, in which case, any funds received will be returned without interest to the account from which they were originally debited.

The Fund also reserves the right to refuse to make any redemption or dividend payment to a Shareholder if the Directors suspect or are advised that the payment of redemption or dividend proceeds to such Shareholder may be non-compliant with the Anti-Money Laundering Regime, or if such refusal is considered necessary or appropriate to ensure the compliance by the Fund with the Anti-Money Laundering Regime.

The Fund also reserves the right to refuse to process subsequent transactions until all the necessary anti-money laundering documentation has been received. Beneficial ownership detail will be required in advance of the processing of an initial subscription.

If any person resident in the Cayman Islands knows or suspects or has reasonable grounds for knowing or suspecting that another person is engaged in criminal conduct or money laundering, is involved with terrorism or terrorist financing and property, or is involved with proliferation financing, and the information for that knowledge or suspicion came to their attention in the course of business in the regulated sector, or other trade, profession, business or employment, the person will be required to report such knowledge or suspicion to (i) the Financial Reporting Authority of the Cayman Islands, pursuant to the Proceeds of Crime Act (as revised) of the Cayman Islands, if the disclosure relates to criminal conduct or money laundering, or (ii) a police officer of the rank of constable or higher, or the Financial Reporting Authority, pursuant to the Terrorism Act (as revised) or the Proliferation Financing (Prohibition) Act (as revised) (as applicable), if the disclosure relates to involvement with terrorism or terrorist financing and property or proliferation financing. Such a report shall not be treated as a breach of confidence or of any restriction upon the disclosure of information imposed by any enactment or otherwise.

The Fund has appointed natural persons to act as its Anti-Money Laundering Officers ("AML Officers") in accordance with the requirements of the Regulations: specifically, an Anti-Money Laundering Compliance Officer ("AMLCO"), Money Laundering Reporting Officer ("MLRO") and Deputy Money Laundering Reporting Officer ("DMLRO"). The AMLCO shall act as point of contact with supervisory and other competent authorities, respond to the competent authorities requests for information relating to the Fund's anti-money laundering program and anti-money laundering, countering the financing of terrorism and countering proliferation financing ("AML/CTF") compliance, oversight of the Fund's activities (including the Fund's investment

activity as well as investor-related anti-money laundering issues), establish and maintain appropriate systems and controls (including documented policies and procedures) to ensure compliance with Cayman AML/CTF laws and regulations, oversee audits/testing of the Administrator's AML/CTF program and KYC documentation, ensure procedures are in place and employees are aware of procedures for the reporting of suspicious activity to the MLRO/ DMLRO, maintain logs/records relating to specified scenarios such as rejection of subscriptions, investor account freezes and enhanced due diligence on politically exposed persons and other high risk investors, advise the Board of Directors of AML/CTF compliance issues that need to be brought to its attention and report periodically to the Board of Directors regarding the state of the Fund's AML/CTF program and controls.

The MLRO shall receive internal suspicious activity reports presented by the Fund, the Administrator or the Investment Advisor's staff or other service providers of the Fund as applicable and considering any such report in light of all other relevant information for the purpose of determining whether or not the information or other matter contained in the report gives rise to knowledge or suspicion of criminal conduct or money laundering, terrorism or terrorist financing, or proliferation financing pursuant to the Anti-Money Laundering Regime, file suspicious activity reports or compliance reporting reports with the Financial Reporting Authority ("FRA") as required, maintain a log of all reports of suspicious activity (including where the filing of a suspicious activity report is not deemed necessary or appropriate), keep the Directors informed of all internal reports of suspicious activity and suspicious activity reports filed with the FRA, to the extent permitted by law and regulation.

In the absence of the MLRO, the DMLRO will be the final decision maker as to whether to file a suspicious activity report or compliance reporting report with the FRA.

The AML Officers are subject to change without prior consent or notice to the Shareholders.

Information regarding the identity and qualifications of the Fund's current AML Officers can be obtained from the Investment Advisor.

Sanctions

The Fund is subject to laws that restrict it from dealing with entities, individuals, organizations and/or investments which are subject to applicable sanctions regimes.

Accordingly, the Fund will require a subscriber to represent and warrant, on a continuing basis, that it is not, and that to the best of its knowledge or belief its beneficial owners, controllers or authorized persons ("Designated Persons") (if any) are not: (i) named on any list of sanctioned entities or individuals maintained by the US Department of the Treasury's Office of Foreign Assets Control ("OFAC"), the US Department of the Treasury's Financial Crimes Enforcement Network ("FinCEN"), the United Nations ("UN") Security Council, or pursuant to European Union ("EU") and/or United Kingdom ("UK") Regulations (as the latter are extended to the Cayman Islands by Statutory Instrument), (ii) operationally based or domiciled in a country or territory in relation to which sanctions imposed by the UN, OFAC, FinCEN, the EU and/or the UK apply, or (iii) otherwise subject to sanctions imposed by the UN, OFAC, FinCEN, the EU or the UK (including

as the latter are extended to the Cayman Islands by Statutory Instrument) (collectively, a "Sanctions Subject").

Where the subscriber or a Designated Person is or becomes a Sanctions Subject, the Fund may be required immediately and without notice to the subscriber to inform the Cayman Islands Financial Reporting Authority, freeze the subscriber's accounts, monies, or economic resources, and to cease any further dealings with the subscriber and/or the subscriber's interest in the Fund until the subscriber ceases to be a Sanctions Subject, or a licence is obtained under applicable law to continue such dealings (a "Sanctioned Persons Event"). The Fund, the Directors, the Administrator and the Investment Advisor shall have no liability whatsoever for any liabilities, costs, expenses, damages and/or losses (including but not limited to any direct, indirect or consequential losses, loss of profit, loss of revenue, loss of reputation and all interest, penalties and legal costs and all other professional costs and expenses) incurred by the subscriber as a result of a Sanctioned Persons Event.

In addition, should any investment made on behalf of the Fund subsequently become subject to applicable sanctions, the Fund may immediately and without notice to the subscriber inform the Cayman Islands Financial Reporting Authority and cease any further dealings with that investment until the applicable sanctions are lifted or a licence is obtained under applicable law to continue such dealings (a "Sanctioned Investment Event"). Should a Sanctioned Investment Event occur, the Fund may exercise its power to "side pocket" such investment.

Cayman Islands Ultimate Beneficial Ownership Requirements

The Cayman Islands introduced a requirement for reporting of the ultimate beneficial owner of interests in certain categories of Cayman Islands entities, consistent with global initiatives to increase transparency. Cayman Islands entities are obtaining information from their investors on the beneficial owners which is reported by secure portal to the Cayman Islands authorities.

The Fund is currently out of the scope of this requirement and hence not required to identify its beneficial owners. However, circumstances may change and in the future, the Fund may be required to liaise with Shareholders to obtain information.

Cayman Islands Economic Substance Act

As a result of the OECD'S global Base Erosion and Profit Shifting initiative and the EU Code of Conduct Group substance requirements, the Cayman Islands has enacted The International Tax Co-operation (Economic Substance) Act (as revised) ("ES Act") and issued related Regulations and Guidance Notes. As a member of the BEPS Inclusive Framework jurisdictions, the Cayman Islands is committed to meeting substantial activities requirements put in place by the OECD Forum on Harmful Tax Practices. Similar legislation has been introduced in numerous jurisdictions, including the Channel Islands and the British Virgin Islands. Under the ES Act, certain vehicles formed or registered in the Cayman Islands are required to have economic substance in the Cayman Islands. The requirement to show economic substance is primarily aimed at preventing base erosion and profit shifting. The ES Act applies to "relevant entities". Investment funds such as the Fund are specifically excluded from the definition of relevant entity and, as such,

they are not within the scope of the ES Act. The definition of "investment fund" is broad and will include a wide range of investment funds, including those that are not licensed or registered with the Cayman Islands Monetary Authority. Accordingly, no current requirements are imposed on the Fund by the ES Act, but there is no guarantee that this position may not change in the future.

DESCRIPTION AND OBJECTIVES OF THE FUND

General

The Fund is an open-ended investment fund established under the Companies Act of the Cayman Islands. It may issue and redeem Participating Shares at Net Asset Value per Participating Share as at each Subscription Day (being in the normal course of events the last Business Day of each month). The term “Net Asset Value per Participating Share” used herein means Net Asset Value divided by the number of issued and outstanding Participating Shares. The term “Net Asset Value” used herein bears the meaning given in Part 1 of Appendix B below.

The Fund's share capital is described in Appendix A.

Introduction and Description

The Fund will invest in listed equities, closed-end funds and investment trusts which invest principally in United Kingdom and continental European companies and does have authority to invest in unlisted securities. The Fund may invest in companies listed in or funds which invest in the European Union stock markets of, France, Germany, Italy, Spain, Portugal, The Netherlands, Belgium, Luxembourg, Denmark, Austria, Greece, Sweden, Finland, Ireland, Estonia, Latvia, Lithuania, Hungary, the Czech Republic, Poland Slovenia, Slovakia, Cyprus, Malta, Romania and Bulgaria The Fund may also invest in European countries outside the European Union including the United Kingdom, Switzerland and Norway. However, companies listed in the UK and Western European stock markets will comprise the majority of the Fund's assets.

The Investment Advisor believes that there are significant pricing inefficiencies in European stock markets which it intends to exploit for the Fund's shareholders. In particular, the Fund has invested in several listed, family-controlled companies in Europe with strong long-term track records of compounding their net asset value per share which are currently trading at an average discount of 49% to net asset value. This has been an area of expertise for the Fund. The Fund also invests in closed-end funds and investment trusts which invest principally in European companies when their shares are trading at historically wide discounts to net asset value. Another area of focus has been smaller and medium sized listed European companies with good long-term track records of increasing earnings per share and which are selling at significant discounts to the Advisor's estimate of intrinsic value. The Fund also invests in European companies which are becoming market leaders in their industry, either across Europe or globally, but which sell at significant discounts to the Advisor's estimate of their intrinsic value. Given the likelihood of lackluster growth in the UK and the European Union, the Advisor seeks to invest in companies listed in the region that have significant exposure to more rapidly growing parts of the world.

The Fund has acquired unlisted assets or owns securities which have since been de-listed, including closed-end funds and limited partnerships, which all have fixed lives at the end of, or during, which they will return capital to the Fund. These assets were (a) acquired at a discount to net asset value or par through negotiations with a third-party broker, (b) were subscribed to during capital raising by one limited partnership, or (c) were initially bought on an exchange prior to the holding being de-listed and subjected to periodic redemption opportunities at net asset value.

Investment Performance to date

The Net Asset Value per Participating Share of the Fund increased by 410.3% between 31st December, 2002 and 30th November, 2020 (9.5% per annum). During the same period, the Fund's benchmark, the MSCI Europe (US\$) index, increased by 99.3% (3.9% per annum). This performance data is based on audited financial statements of the Fund up to 31st December 2017 and the unaudited Net Asset Value per Participating Share of the Fund on 30th November, 2020. The Fund outperformed its benchmark since inception by a considerable margin with less volatility than either the benchmark index or competing European equity funds.

Performance data is based on the Fund's monthly Net Asset Value calculations and its annual audited financial statements.

THE INVESTMENT ADVISOR DRAWS EACH SUBSCRIBER'S ATTENTION TO THE SECTION ENTITLED RISK CONSIDERATIONS WHICH SHOULD BE READ IN CONJUNCTION WITH THE ABOVE SECTION.

Investment Objectives and Strategies

The Investment Advisor's objective is to provide shareholders of the Fund with risk-adjusted returns which exceed the Fund's benchmark index, being the MSCI Europe Index (US\$). In absolute terms, the Investment Advisor's objective was to provide shareholders of the Fund with returns over the first ten years of the Fund's life which were at least three times higher than the yield on 5-year United States Treasury bonds which at 4th December, 2002 was 3.20%. The Fund returned 12.9% per annum during its first ten years. This return calculation is based on the Fund's Net Asset Value per Participating Share at launch and its Net Asset Value per Participating Share according to the Fund's audited financial statements at 31st December 2012. At the start of 2013, the Investment Advisor established a new absolute return objective which is to provide the Fund's shareholders with a return over the next 10 years that is at least five times higher than the yield on 10-year US Treasury bonds at that time, which was 1.75%. European equity indices in US Dollars have increased by only 2% per annum since this target was set nearly 8 years ago, while the Fund's NAV per share increased by 5.4% per annum. This absolute return target implies an objective of generating a return of about 50% during the remaining 2 years of the target measurement period. The Investment Advisor thinks that this objective will be difficult to attain unless European currencies strengthen significantly against the US Dollar and the tentative signs of a recovery in European value equities continues.

The Fund will focus principally on companies which the Investment Advisor believes have strong interest coverage ratios that:-

- Sell at large discounts to net asset value, or
- Sell at significant discounts to the Investment Advisor's estimate of intrinsic value, or
- Conform to the objective of having a portfolio of investments with higher quality and/ or predictability than the overall European equity market, but that have a valuation that is lower on average than the European equity market.

The Investment Advisor does not currently intend to hedge general market risks. The Investment Advisor has used a similar strategy in managing its clients' segregated portfolios for more than thirty years. However the Investment Advisor retains a discretion to hedge risks if it deems fit (and has, from time to time, hedged against falls in the euro against the US Dollar) subject always to the investment restrictions described below.

The Investment Advisor emphasizes that part of its investment objective is also to seek an absolute return for the Fund's shareholders. As a result, the Fund's investments are likely to vary widely from the components of its benchmark index. There are likely to be periods of significant underperformance by the Fund, particularly during periods when growth stocks outperform value stocks and strong market rallies that are led by European large capitalisation equities. The Investment Advisor draws each Subscriber's attention to the paragraph entitled Variance from the Fund's Benchmark within the Risk Considerations section.

With effect from 31st March, 2008, the shareholders of the Fund have, by resolution, authorised (but not required) the Board to hedge the exposure of the Fund to the Euro and other European currencies by means of currency swaps against the U.S. Dollar, options or such other means as the Board may deem fit from time to time. Currently, the Fund has no currency hedging in place.

With effect from 24th January, 2014, the shareholders of the Fund have, by resolution, authorised the Board, from time to time, to invest in entities that purchase pools of loans or other assets, including those related to insolvencies, subject to debt management plans, payment plans, insolvency or other comparable investments and/or to co-invest with such entities or make such other arrangements which the Company's Investment Advisor deems fit for taking an economic interest in such investments. It is not envisaged that more than 10% of the Fund's net assets at the time of investment will be invested in such arrangements. The purpose of this authority is to give the Board better options to invest surplus assets of the Fund at times when attractive equity investment opportunities are not available within the Fund's investment parameters. It is hoped that such debt investments will reduce the drag on returns caused by uninvested funds. To date, this authorization has not been exercised.

INVESTMENT RESTRICTIONS

The Fund will not:-

- (i) sell short securities not owned by the Fund;
- (ii) purchase or sell derivatives except for hedging purposes; or
- (iii) (iii) take management control of, or invest more than 10% of the Fund's net assets in any one company unless, in the latter case only, that company is a fund which holds a diversified portfolio of securities.

However, some of the companies in which the Fund invests may from time to time engage in one or more of the above activities.

The Fund has corporate authority to borrow funds not exceeding a total of ten (10) per cent of the Net Asset Value of the Fund calculated as at the time of committing to any such borrowings.

Borrowings may be undertaken for temporary purposes only, including without prejudice to the generality of the foregoing, to assist in the orderly disposal of securities to meet redemption requests. The Directors may exercise all the powers of the Fund to borrow or raise moneys.

Pursuant to a resolution approved by the Fund's shareholders, the Fund is permitted to invest in unlisted securities from time to time. It is the Board's current intention that the Fund will invest no more than 20% of the Fund's net assets in unlisted securities. Currently, 2.1% of the Fund's assets are invested in unlisted securities.

The investment objectives, strategies and restrictions described above may be modified by the Directors from time to time if they deem it expedient with the approval by ordinary resolution of the holders of the Participating Shares.

RISK CONSIDERATIONS

Each shareholder should understand that all investments have a risk factor. Therefore, there can be no guarantee against loss resulting from an investment in the Fund and there can be no assurance that the Fund's investment policy will be successful or that its investment objective will be attained.

There are many risks of investing in equity markets in Europe which include relative illiquidity in some securities, excessive corporate debt at some companies which will cause bankruptcies, poor corporate governance at some listed companies, high share price volatility at times, and potential currency weakness against the US Dollar which is the Fund's reporting currency. The Fund will not necessarily hedge its currency exposure, but the Board has authority to do so.

Please also refer to Appendix B III of this Offering Memorandum for a discussion of further risk considerations.

PROCEDURE FOR SUBSCRIPTION

The subscription list for the Participating Shares of the Fund opened for the initial offering at a subscription price of US\$10.00 per Participating Share at 9.00am on 31st December, 2002. Subsequent applications from Qualifying Investors may be made for Participating Shares on each Subscription Day, which will normally be the last Business Day of each month but may also be such other days as determined by the Directors (each a "Subscription Day"). The Subscription Price is payable in full in cash upon subscription. The minimum initial subscription is US\$250,000.00 per investor unless such minimum is waived by the Board on a case by case basis.

Applications should be made on the application form provided with this Offering Memorandum (the "Application Form"). Application Forms, duly completed, should be sent to the Fund at the address set out in the Application Form. Persons who have not opened an account (which remains open) and have not signed an investment management agreement with the Investment Advisor will need to do so before or at the time of subscribing for Participating Shares.

The current subscription price of the Participating Shares shall be calculated as at the close of business on the Valuation Day coinciding with the relevant Subscription Day by determining the

Net Asset Value of the Fund (see Part 1 of Appendix B) as at that time, and dividing that amount by the number of Participating Shares in issue at the date of such calculation (the "Subscription Price"). There are no sales commissions or other "front end fees".

At the discretion of the Fund's Directors, the Fund may accept listed European securities in lieu of cash for a part of the whole of an application to subscribe for Participating Shares. Any securities which are accepted in lieu of cash will be valued at their closing price as indicated by Bloomberg on the relevant Subscription Day

Before subscribing for Participating Shares, prospective applicants should check with the Investment Advisor to confirm whether it is accepting subscriptions. The Fund's directors have discretion to either close the Fund to subscription or to restrict subscriptions to those from existing clients in order to regulate the flow of money into the Fund. If the Application Form is accepted, the amount to be invested in the Fund, as set out therein, will be transferred in accordance with the instructions contained in the Application Form.

Notification in writing will be dispatched to Investors confirming to shareholders the number of the Participating Shares issued to them. No Share Certificate will be issued. Participating Shares shall be evidenced only by an entry in the Register of Members maintained by the Fund.

Any cash from a subscription amount that remains after issuing the largest whole number of shares by which the subscription amount is divisible will be retained by the Fund for the benefit of its shareholders.

REDEMPTION

Holders of Participating Shares have the right, except when there is a suspension of the determination of the Net Asset Value, to redeem their Participating Shares on the last Business Day of each calendar month or any other date on which the Board of Directors permits redemption (each a "Redemption Day") next following the fourteenth day after the receipt by the Fund of such request at the Redemption Price (as defined below) prevailing at that time. If a request is received after that time, such request, at the option of the Directors, may be complied with or, alternatively, be deemed to be a request in respect of the next following Redemption Day when the Redemption Price prevailing at that time shall apply. If compliance with a shareholder's request for redemption would result in the shareholder holding Participating Shares with an aggregate Net Asset Value of less than US\$10,000.00 or such other minimum as the Directors may determine, at the option of the Directors, the shareholder's request may be rejected or the whole of his holding redeemed.

The Redemption Price shall be calculated as at the close of business on the Valuation Day coinciding with the relevant Redemption Day by determining the Net Asset Value of the Fund (see Part I of Appendix B) as at that time and dividing that amount by the number of Participating Shares in issue at the date of such calculation (the "Redemption Price"). If Participating Shares are redeemed within three (3) years from the date of issue there may be deducted from the Redemption Price an amount equal to five (5) per cent of such Redemption Price which shall be retained by the Fund for the benefit of the remaining shareholders. It is not the intention of the Directors to apply the 5% discount to the Redemption Price in respect of the redemption of

Participating Shares originally issued in exchange for European securities transferred from an existing account held by an investor with the Investment Advisor.

SINCE THE REDEMPTION PRICE OF PARTICIPATING SHARES IS TIED TO THE VALUE OF THE UNDERLYING ASSETS OF THE FUND, IT SHOULD BE NOTED THAT THE PRICE AT WHICH AN INVESTOR MIGHT REDEEM HIS PARTICIPATING SHARES MAY BE MORE OR LESS THAN THE PRICE AT WHICH HE SUBSCRIBED FOR THEM DEPENDING ON WHETHER THE VALUE OF THE UNDERLYING ASSETS HAS APPRECIATED OR DEPRECIATED BETWEEN THE DATE OF SUBSCRIPTION AND THE DATE OF REDEMPTION.

To redeem all or part of his holding, a shareholder should provide signed redemption instructions to the Fund at its registered office as set out above (the “registered office”). The instructions should be received not later than 3:30 p.m. Cayman time fourteen (14) days prior to the relevant Redemption Day in order to qualify for redemption on that day. Requests for redemption received later than such date may be held over until the next Redemption Day when the Redemption Price prevailing at that time shall apply.

Requests for redemption once made may not be withdrawn (except with the written consent of the Directors) or unless there has been a suspension of determination of the Net Asset Value of the Fund.

Any amount payable to a shareholder in connection with requests for redemption will be paid by wire transfer (in accordance with written details to be supplied by the shareholder) at the shareholder's expense and risk. The Fund will normally ensure that it has sufficient liquid assets available to enable redemption proceeds to be forwarded forthwith to a shareholder who has requested a redemption of all or part of his holding of Participating Shares and in any event redemption proceeds will be forwarded not later than twenty (20) Business Days after the relevant Redemption Day. The details of where such monies are to be forwarded must be set out in the space provided on the Application Form. This may be changed from time to time by written instructions of the shareholder. Failure to complete that section of such Application Form may result in delays in the receipt of redemption proceeds since the Fund will reserve the right to insist on instructions with regard to payment being received by the Fund in writing under the verified signature of the shareholder.

Notwithstanding the previous paragraph, the Fund may defer payment of the Redemption Price if it is unable to do so because of circumstances beyond its control, in which case it will pay such Redemption Price as soon as possible. The Fund may pro-rate all redemption requests on any Redemption Day to limit total redemptions to 20% of the Fund's Participating Shares in issue on the relevant Redemption Day. Any outstanding redemption requests will be carried forward to the next following Valuation Day where they will be dealt with prior to any subsequent requests.

If a redemption amount is specified by a redeeming shareholder in Dollars, that amount will be divided by the NAV per share and the largest resulting whole number will be the number of shares redeemed. Any cash that arises from the difference (a) between the number of shares redeemed multiplied by the NAV per share, and (b) the redemption amount paid, will be retained

by the Fund for the benefit of its shareholders. Any wire transfer fees incurred by the Fund will be added to the redemption amount if applicable.

All Participating Shares are issued on the basis that they may be redeemed or purchased from time to time by the Fund at its option if it shall come to the attention of the Fund that (a) any Participating Shares are owned directly or beneficially by any person who is not a Qualifying Investor, or (b) ownership of such Participating Shares by any person is in breach of any law or requirement of any country or governmental authority which might result in the Fund or its shareholders suffering any taxation, pecuniary or any other disadvantage which it would not suffer if such person (whether alone or together with other persons) was not a holder of Participating Shares.

TRANSFER OF PARTICIPATING SHARES

Subject to the preceding paragraph, Participating Shares are freely transferable among Qualifying Investors upon submission to the Fund of an instrument of transfer in any usual or common form together with such evidence as the Directors may reasonably require to show the right of the transferee to transfer the Participating Shares.

SUBSCRIPTION, REDEMPTION AND VALUATION DAYS

Subscription Days will normally occur monthly on the last Business Day of each month except during periods when the calculation of Net Asset Value is suspended. Redemption Days will normally occur monthly on the last Business Day of each month except during periods when the calculation of Net Asset Value is suspended. However, the Directors reserve the right to appoint such other day or days as they shall determine as a Subscription Day or a Redemption Day.

The Net Asset Value of the Fund will be calculated on each Valuation Day which will normally be the Business Day coinciding with each Subscription Day and Redemption Day (each a “Valuation Day”). However, the Directors may suspend valuations in certain circumstances in accordance with the Articles of Association of the Fund. The Net Asset Value will be notified to the CSX immediately upon calculation. The relevant extract of the Articles of Association of the Fund is set out in Appendix B, Part IV. The Fund will value and calculate the investments of the Fund in accordance with the practices, policies and procedures, including the relevant provisions of the Articles of Association of the Fund, as set out in Part I of Appendix B (the “NAV Calculation Policy”). The Fund will obtain closing prices that are used to calculate the Fund’s Net Asset Value from Bloomberg or from market makers in a particular security in any instance where Bloomberg prices are not available. Although the Fund will be audited annually, there will be no independent verification of its calculation of its Net Asset Value done on each Valuation Day.

MANAGEMENT, ADMINISTRATION AND CUSTODY

Administration

The Fund will be responsible for the day to day investment management and administration of its affairs including the investment of its assets, dealing with the subscription and redemption of Participating Shares, maintaining the register of shareholders, calculating the Net Asset Value of the Fund and liaising generally with shareholders.

Investment Advisor

The Investment Advisor of the Fund is Overseas Asset Management (Cayman) Ltd. The Investment Advisor is an ordinary resident company incorporated in the Cayman Islands in 1989. The Investment Advisor is licensed under the Companies Management Act (as revised), the Securities Investment Business Act (as revised) and is regulated under these Acts by the Cayman Islands Monetary Authority. Each of the Directors of the Fund is also a director of the Investment Advisor, and three of the Directors are shareholders of the Investment Advisor. For a description of such Directors please see the section headed "The Directors of the Fund".

The Investment Advisor currently manages in the region of US\$500,000,000 for approximately 180 high net worth private clients and institutions. The areas of expertise of the Investment Advisor include European equities, Asian equity funds, offshore incorporated closed end funds and private equity secondaries.

The Investment Advisor has been appointed as such pursuant to an Investment Advisory Agreement (the "Investment Advisory Agreement") dated 20th December 2002 between the Fund and the Investment Advisor. The Investment Advisory Agreement provides that the Investment Advisor and its affiliates and respective shareholders, members, directors, officers, employees and agents (each an "indemnified person") will be held harmless, defended and indemnified by the Fund from and against any claim, loss, damage, liability or expense (including court costs, attorneys' fees and expenses, costs of investigation, taxes and penalties) suffered by an indemnified person by virtue of such indemnified person's activity as or on behalf of the Investment Advisor in connection with the services it provides to the Fund and shall not be responsible to the Fund or its shareholders for any loss suffered by them as a result of the Investment Advisor's actions or omissions provided, in all cases, that such actions or omissions by the Investment Advisor are in good faith.

The Investment Advisory Agreement is terminable by either party on three (3) months' written notice without penalty.

Notice of any variation or termination of the Investment Advisory Agreement shall first be given to the holders of the Participating Shares in the Fund.

The Directors of the Investment Advisor are disclosed under the section headed "THE DIRECTORS OF THE FUND AND THE INVESTMENT ADVISOR".

Custody of Securities

Deutsche Bank International Limited was appointed the custodian of securities held by the Fund (Deutsche Bank International Limited or any replacement custodian from time to time (as applicable) is referred to herein as the "Custodian"). The Fund entered into a custodian agreement with Deutsche Bank International Limited dated 11 September, 2009 (the "Custodian Agreement") pursuant to which the Custodian settles all transactions of the Fund, collects all dividends received by the Fund, provides accounting of all transactions in the custody account, and executed instructions received from the Investment Advisor on all corporate actions involving any securities held by the Fund. The Custodian charges an annual fee of 0.10% on the first US\$2,500,000 million in assets of the Fund, 0.075% on the next US\$5,000,000, and 0.05% on assets exceeding US\$7,500,000, charged on a quarterly basis. In addition, the custodian charges receipt and delivery fees on the settlement of each purchase and sale by the Fund, and will recover any banking fees or out-of-pocket expenses.

On February 15, 2018, the Bank of N.T. Butterfield & Son Limited ("Butterfield") announced that it had entered into an agreement to acquire Deutsche Bank's banking and custody business in the Cayman Islands, Jersey and Guernsey, which provides services primarily to financial intermediaries and corporate clients.

The Fund signed a novation agreement with Butterfield Bank (Jersey) Limited ("Butterfield Jersey") and Deutsche Bank International Limited dated 10th December 2018 (the "Novation Agreement") pursuant to which Butterfield Jersey replaced Deutsche Bank International Limited as the Fund's Custodian and as of 10th December 2018 will act as custodian of the Fund's exchange traded securities. The Novation Agreement maintains the terms and conditions of the Custodian Agreement between the Fund and Deutsche Bank International Limited, and Butterfield Jersey as the new Custodian will, inter alia, settle all transactions of the Fund, collect dividends received by the Fund, provide accounting of all transactions in the custody account, and execute instructions received from the Investment Advisor on all corporate actions involving any exchange listed securities held by the Fund.

Butterfield Jersey is regulated by the Jersey Financial Services Commission in the carrying on of Fund Services Business and Investment Business under the Financial Services (Jersey) Law, 1998 and is an Approved Custodian within the meaning given in the Financial Services (Investment Business (Client Assets)) (Jersey) Order 2001.

The Custodian Agreement may be terminated by either party giving ninety (90) days notice in writing.

The Custodian Agreement permits the Custodian to employ agents and sub-custodians worldwide.

In performing its obligations under the Custodian Agreement, the Custodian will act with due care, skill and diligence. The Custodian will only be liable to the Fund for any liability, loss or cost suffered by the Fund to the extent that such liability, loss or cost is a direct result of the negligence, wilful default or fraud of the Custodian or any broker, dealer, market maker, sub-custodian or agent which is a Group Company. The Custodian will not be responsible for any loss attributable to any

act, omission or default of any broker, dealer, market maker, sub-custodian or agent selected by the Custodian provided that the Custodian has not acted negligently in selecting or utilising the services of such broker, dealer, market maker, sub-custodian or agent.

See “Custodian/Sub-Custodian risk” under Part III of Appendix B, “Risk Factors”.

The Fund shall indemnify the Custodian against all actions, proceedings, claims, demands, liabilities, taxes, costs and expenses arising out of the Custodian Agreement, except to the extent that these result from the negligence, wilful default or fraud of the Custodian or any Group Company, its servants and/or agents.

In addition to Butterfield Jersey as the Fund's main Custodian, one security is currently held with Carnegie AS as custodian of that security, and the Fund may engage other custodians from time to time, in the discretion of the Directors.

Bankers and Cash Management

Any cash which the Fund may have from time to time, which is not held by or through Butterfield Jersey, will be deposited in one of the Fund's bank accounts at RBC Royal Bank (Cayman) Limited or RBC Dominion Securities Global Limited. The Fund's agreement with RBC Dominion Securities Global Limited provides for extensive delegation to RBC Dominion Securities Inc., a Canadian company with limited recourse provisions (and see “Credit Risk” below).

The Fund also has a bank account at Butterfield Bank (Cayman) Limited which currently remains unutilized.

Currently, the Fund's Custodian charges negative interest on euro cash balances, as is common practice, and neither the RBC Royal Bank (Cayman) Limited or the Custodian pay interest on US Dollar cash balances. When it is deemed advantageous to do so, the Fund may transfer some of its US Dollar cash to RBC Dominion Securities Global Limited for investment in a money market fund so that the Fund can earn interest. Much of the cash held at RBC Dominion Securities Global Limited is invested in Fidelity Institutional Liquidity Fund, a AAA rated fund, but may be held in other money market funds from time to time with similar ratings and average terms to maturity.

Except when there is a suspension of the valuation of the Fund's assets, further Participating Shares may be issued on Subscription Days at the prevailing Subscription Price.

Rights on Winding Up

Each Participating Share carries the right to a return of the nominal value paid up in respect of such share in priority to the repayment of the nominal value paid up on Management Shares.

Each Participating Share shall also entitle the holder thereof to share in surplus assets of the Fund available for distribution after the return of the nominal value paid up on all shares pro rata their respective holdings. Holders of Management Shares have no right to share in any surplus.

Variation of Rights

The Fund's Articles of Association provide that the rights attached to any class of shares may, subject to the laws of the Cayman Islands and unless otherwise provided by the terms under which

the shares of that class were issued, be varied or abrogated with the consent in writing of the holders of three-quarters of the issued shares of that class or with the sanction of a resolution passed at a separate meeting of the holders of the shares of such class by a majority of three-quarters of the votes cast at that meeting. The rights attached to the Participating Shares shall not, unless otherwise expressly provided by the terms of the issue of the Participating Shares, be deemed to be varied by the creation or issue of further Participating Shares ranking pari passu therewith.

APPENDIX B

I. DETERMINATION OF NET ASSET VALUE

The NAV Calculation Policy set out herein and outlines the pricing and valuation practices, policies, and procedures which have been established and maintained in accordance with the requirements of the Authority's Rule on Calculation of Asset Values - Regulated Mutual Funds ("**NAV Rule**") to calculate the net asset value of the Fund.

The following extract from the Articles of Association of the Fund sets out the provisions dealing with the method by which the Net Asset Value of the Fund is to be determined (in dollars):

- "26. (a) The Net Asset Value of the Company shall be determined by the Directors as at each Valuation Day and on such other occasions as the Directors may direct and shall be the value as at such date of all the assets of the Company less all the liabilities of the Company calculated on the basis of this Article 26.
- (b) The assets of the Company shall be deemed to include:-
- (i) all stocks, shares, debentures, securities and financial instruments;
 - (ii) all securities owned or contracted for by the Company;
 - (iii) all cash on hand, on deposit, or on call including any interest accrued thereon;
 - (iv) all bills, demand notes, promissory notes and accounts receivable;
 - (v) all stock and cash dividends and cash distributions to be received by the Company and not yet received by it but declared payable to shareholders of record on a date on or before the days as of which the Net Asset Value is being determined;
 - (vi) all interest accrued on any interest-bearing securities owned by the Company up to the normal settlement date for such securities except to the extent that the same is included or reflected in, the principal value of such security;
 - (vii) all other investments of the Company;
 - (viii) the preliminary expenses of the Company, insofar as the same have not been written off; and
 - (ix) all other assets of the Company of every kind and nature, including prepaid expenses as valued and defined from time to time by the Directors.

- (c) Without prejudice to paragraphs (d) and (g) below, the value of any units in any investment fund (whether in non-corporate or corporate form) shall be the latest mid-market price published by or on behalf of such fund thereof prior to, or coinciding with the date of, the relevant calculation of the Net Asset Value of the Company. The Directors of the Company shall have discretion to use the bid or offer price of any investment fund in calculating the Net Asset Value of the Company.
- (d) Without prejudice to paragraph (g) below, the value of any securities listed on an exchange or traded through market makers may be their last reported mid-market, closing or bid prices as determined from time to time by the Directors using such reporting services as they may deem fit.
- (e) The value of any cash on hand, on deposit, pre-paid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof unless in any case the Directors are of the opinion that the same is unlikely to be paid or received in full in which case the value thereof shall be subject to such adjustment as the Directors may consider appropriate in such circumstances to reflect the true value thereof.
- (f)
 - (i) The value of any demand notes, promissory notes and accounts receivable shall be deemed to be the face value or full amount thereof after making such adjustment as the Directors may consider appropriate to reflect the true current value thereof.
 - (ii) Certificates of Deposit, Treasury Bills, Bank Acceptances and Trade Bills shall be valued (on the basis of a notification to the Directors by a person approved by the Directors for the purposes of this paragraph whose business includes dealing in or effecting transactions in the relevant investment) according to the normal dealing practice therein and at the price of the relevant investment at the close of business on the Valuation Day.
- (g) Notwithstanding paragraphs (c) and (d) above, the Directors may make separate calculations of Net Asset Value for subscription and redemption purposes and base the calculation for subscription purposes on offer prices and, for redemption purposes, on bid prices (adjusted for deemed disposal costs as the directors deem fair and equitable).
- (h) Any investment or asset held by the Company for which no particular method of valuation is provided in this Article, or if in any case under this Article a particular investment or asset is not or cannot be valued as above provided, the method of valuation of the relevant investment or asset shall be determined by the Directors in consultation with the Auditors.
- (i) Notwithstanding the foregoing provisions of this Article, where at the time of any valuation, any asset of the Company has been realised or contracted to be realised,

there shall be included in the calculation of the Net Asset Value in place of such assets the net amount received or receivable by the Company in respect thereof PROVIDED THAT if the net amount receivable is not payable until some future date the Directors shall make such adjustment as they consider appropriate to reflect the true current value thereof.

- (j) Any valuation made pursuant to these Articles shall be binding on all persons.
- (k) The liabilities of the Company shall be deemed to include:-
 - (i) all bills, notes and accounts payable;
 - (ii) all administrative expenses payable and/or accrued including (but not limited to):-
 - expenses of drafting and publishing reports and accounts;
 - expenses of publishing quotations for the Participating Shares;
 - accrued fees of the Investment Adviser; and
 - auditor's fees and expenses.
 - (iii) all known liabilities present and future for which provisions would be required to be made in the Company's accounts in accordance with International Accounting Standards, including: the amount of any unpaid dividends declared upon the shares in the Company; contractual obligations for the acquisition of investments or other property; or any outstanding payments due on any Participating Shares previously redeemed;
 - (iv) the paid up capital on the Management Shares in issue;
 - (v) all other liabilities of the Company of whatsoever kind and nature for which provision would be required to be made in the Company's accounts in accordance with International Accounting Standards.

In determining the amount of such liabilities the Directors may calculate administrative and other expenses of a regular or recurring nature on an estimated figure for yearly or other periods in advance, and accrue the same in equal proportions over any such period.

- (l) For the purposes of this Article:-
 - (i) the proceeds of issue of Participating Shares in the Company for which applications have been made shall be deemed to be an asset of the Company as of the time at which such Participating Shares are first deemed to be in

issue;

- (ii) the amount due to Shareholders in respect of Participating Shares to be redeemed shall, from the close of business on the day on which they are actually redeemed until such price is paid, be deemed to be a liability of the Company;
- (iii) investments, cash balances and other assets of the Company be valued and liabilities of the Fund shall be calculated in dollars."

The Fund will value the securities within its portfolio(s) by giving priority to unadjusted market prices, and for Hard-to-Value Securities (as defined in the NAV Rule), priority be given to valuation inputs that are directly observable (i.e. those derived from market data, including publicly available information about events and transactions or reflective of assumptions that market participants would use) with the lowest priority being given to inputs that are unobservable (i.e. where market data is not available regarding the assumptions that market participants would use).

As at the date of the Offering Memorandum, 2% of the Fund's assets would be considered Hard-To-Value Securities comprised of shares in three closed-end funds which were formerly listed but which have since been de-listed and are in the process of selling their remaining investments and returning capital to shareholders. These are valued at the last traded price adjusted for subsequent distributions or significant transactions in shares of the security, subject to the discretion of the Fund's Directors.

The Net Asset Value calculations are made monthly by the Fund in accordance with International Financial Reporting Standards and the NAV Calculation Policy. Shareholders will be sent quarterly valuations of their holdings in the Fund. The Fund's most recent monthly Net Asset Value will be published on the CSX Internet website at www.csx.com.ky and on Bloomberg under the symbol OAMEUVA KY <Equity>.

The Fund, given its relatively small number of investments, virtually all of which are securities with quoted prices, has not (and does not intend to) engaged a third party administrator to value and/or calculate the Net Asset Value of the Fund. In making this decision, the Fund's Directors have considered in particular the annual audits of the Fund and the Auditor's annual reviews of the Fund's monthly NAV calculations retrospectively versus the incremental cost to the Fund's shareholders of engaging an independent administrator. As a result, the Fund will have material involvement in the pricing of its portfolio and in the calculation, determination or production of the Net Asset Value of the Fund, as it is best placed to provide that information given its knowledge and skills in assessing values of the relevant assets and liabilities. Regarding the conflicts of interest caused by such involvement, see "CONFLICTS OF INTEREST". The Directors have ultimate responsibility for oversight of the entire valuation process and will approve and review (at least annually), the NAV Calculation Policy and any pricing models

Whenever prices are provided or sourced by the Fund it will provide any supporting information that is used to determine the prices.

There are inherent limitations of the NAV Calculation Policy caused by system error, oversight, breakdowns in processes, a lack of information, exchanges communicating incorrect information, rapidly evolving changes to particular industries, regulatory changes and tax and accounting policies.

II. CONFLICTS OF INTEREST

Investment Advisor

The Investment Advisor devotes a substantial amount of its time to other business activities, including portfolio management of other individual and institutional accounts. See "Investment Advisor". These other advisory activities create conflicts of interest with the Fund over the time devoted to managing the Fund and the allocation of securities selected for purchase among the Investment Advisor's various portfolios. Further, the Investment Advisor's judgement may be affected by additional conflicts of interest such as, for example, the following:

- (i) Because the Investment Advisor has and will have duties to the Fund and its other portfolios, the interests of the Fund and these other portfolios in the selection, negotiation and administration of investments may conflict. The Investment Advisor will attempt to resolve all such conflicts in a manner that is fair to all such interests.
- (ii) The Investment Advisor, on behalf of the Fund and in other capacities with other entities, has discretion in determining which investments will be made by the Fund, sold to others, or made by the Investment Advisor or by its affiliates, with or without the participation of such other entities. In that the Investment Advisor or its affiliates may be able to obtain more favorable compensation, cost reimbursement or risk sharing arrangements in connection with some investments if the Fund does not participate, the Investment Advisor may be influenced to refrain from causing the Fund to make such investments even though participation might benefit the Fund. The Investment Advisory Agreement also permits the Investment Advisor or its affiliates to make any investment, whether or not in competition with the Fund or in a manner that would limit or eliminate the Fund's opportunity to make the investment, without any accountability to the Fund.

To mitigate potential conflicts, the Investment Advisor will take appropriate measures to ensure that neither it nor any of its affiliates unfairly profits from any transaction between any of them and the Fund. The Investment Advisor will use its best efforts to apportion or allocate business opportunities among persons or entities with which it and its affiliates have fiduciary duties and other relationships on a basis that is fair and equitable to the maximum possible extent to each of such persons or entities, including the Fund.

Directors

Subject to certain limited exceptions as herein described, only the Management Shares owned by the Investment Advisor have voting rights. Only the Investment Advisor therefore can appoint and remove the Directors. The Directors of the Fund are also the directors of the Investment Advisor and the fiduciary duties of the Directors may compete with or be different from the interests of the Investment Advisor. Three of the Directors are also shareholders of the Investment Advisor. Only the Directors may terminate the services of the Investment Advisor or other agents of the Fund.

Legal Counsel

Carey Olsen acts as Cayman Islands legal counsel and Listing Agent to the Fund. Carey Olsen does not represent shareholders or subscribers of the Fund. No independent legal counsel has been retained to act on behalf of or represent the Shareholders or any Directors. Carey Olsen's representation of the Fund is limited to specific matters of Cayman Islands Law as to which it has been consulted by the Fund. There may exist other matters that could have a bearing on the Fund as to which Carey Olsen has not been consulted. In addition, Carey Olsen does not undertake to monitor compliance by the Directors, the Fund or the Investment Advisor and its/their affiliates with the investment program, valuation procedures and other guidelines set forth herein, nor does Carey Olsen monitor ongoing compliance with applicable laws. In connection with the preparation of this Memorandum, Carey Olsen's responsibility is limited to matters of Cayman Islands law and it does not accept responsibility in relation to any other matters referred to or disclosed in this Memorandum, or for any acts or omissions of the Fund or the Investment Advisor (including their compliance with any guidelines, policies, restrictions or applicable law, or the selection, suitability or advisability of their investment activities) or any administrator, accountant, custodian/prime broker or other service provider to the Fund. In the course of advising the Fund, there are times when the interests of shareholders may differ from those of the Fund. Carey Olsen does not represent the shareholders' interests in resolving these issues. In reviewing this Memorandum, Carey Olsen has relied upon information furnished to it by the Fund and has not investigated or verified the accuracy and completeness of information set forth herein concerning the Fund.

III. RISK FACTORS

Discussed below are some of the major risk factors that potential investors should consider carefully before investing in the Fund:

Investment Risks

Investment in the Fund carries a high degree of risk including, but not limited to, the risks referred to below. No assurance can be given that Shareholders will realise a profit on their investment. Moreover, Shareholders may lose some or all of their investment. The risks referred to below do not purport to be exhaustive and potential investors should review this Offering Memorandum carefully in its entirety before making an application for Participating Shares.

Business Risks

The Fund will invest substantially all of its available capital (other than capital the Investment Advisor determines to retain in cash or cash equivalents) in securities and other intangible investment instruments. While most of these instruments are traded in public markets, markets for such instruments in general are subject to fluctuations and the market value of any particular investment may be subject to substantial variation. In addition, such securities may be issued by unseasoned companies and may be highly speculative. No assurance can be given that the Fund's investment portfolio will generate any income or will appreciate in value.

Lack of Liquidity

Because the minimum investment per investor in the Fund may be less than the minimum investment which the Fund must make in its underlying investments, in order to realise sufficient funds to meet redemption requests, it may be necessary for the Fund to liquidate investments of a value greater than that required to meet such redemption requests. Such action may prejudice non-redeeming shareholders. In such circumstances, the Directors may nevertheless effect such liquidation or, if the Directors consider that such liquidation would be unduly burdensome, such redemption requests will be deferred.

Sophisticated Investors

The Participating Shares are a suitable investment only for sophisticated investors for whom an investment in the Fund does not constitute a complete investment program and who fully understand and who are willing to assume and have the financial resources necessary to withstand the risks involved in the Fund's specialized investment program.

FATCA and Common Reporting Standards

There are risks relating to FATCA and CRS. See further the sections headed "FATCA" and "Automatic Exchange of Financial Account Information".

Investment Objectives, Policies and Selection

The nature of the Fund's investment in European equities will involve a degree of volatility in returns that is customarily associated with investment in equities in established stock markets in the developed world. Accordingly, the Fund is intended for long-term investors who understand and can accept the risks entailed in seeking long-term growth of capital through investing in equities. The Fund is not meant to provide a vehicle for those who wish to play short-term swings in the stock market.

Variance from the Fund's Benchmark

The Investment Advisor will pursue an investment policy of seeking to invest in what it believes are the most undervalued European securities, regardless of how the overall portfolio construction compares to its benchmark. As a result, the sector and country weightings within the Fund are likely to vary substantially from its benchmark. This is likely to lead to wide variations, sometimes for prolonged periods, between the Fund and its benchmark.

Economic Conditions

Changes in economic conditions, including, for example, interest rates, inflation rates, industry conditions, competition, technological developments, political and diplomatic events and trends, tax laws and innumerable other factors, can affect substantially and adversely the business and prospects of the Fund. None of these conditions are within the control of the Investment Advisor, and no assurances can be given that the Investment Advisor will anticipate these developments.

Currency Risk

Movements of currencies, including, in particular, the Euro against the US Dollar cannot be predicted with any degree of certainty. In the case of the Euro, its performance could be negatively affected by the failure of number of major EU jurisdictions to maintain Government borrowings within the confines of the Eurozone "Stability Pact". Historically, currency exposure has enhanced the Fund's investment performance. This may change in the future. The Fund's exposure to the Euro and other European currencies may be mitigated by hedging arrangements as described on page 9 above. It will be noted that the costs of such hedging may impair the Fund's performance.

European Union Regulation

It may be anticipated that regulatory burdens on industry and commerce within the European Union will continue to increase with a potentially negative impact on profitability.

No Control over Portfolio Issuers

The Fund may from time to time acquire substantial positions in the securities of particular companies. Nevertheless, the Fund is not likely to obtain representation on the board of directors and will not take any control over the management of any company in which the Fund may invest

and the success of each investment will depend on the ability and success of the management of the issuers in addition to economic and market factors. This risk is particularly acute in the case of European family-controlled holding companies where there have been several instances of minority shareholders being treated unfairly by the controlling family.

Limited Diversification

No minimum level of capital is required to be maintained by the Fund. As a result of subsequent losses or redemptions, the Fund may not have sufficient funds to diversify its investments to the extent desired or currently contemplated by the Investment Advisor. More generally, the Investment Advisor does not intend or expect to diversify the Fund's portfolio over various asset classes. The degree of the market risk to which the Fund is exposed will be inversely proportional to the degree to which the Fund's portfolio is diversified.

Restrictions on Transfers and Redemptions; Impact of Substantial Redemptions

An investment in the Fund provides limited liquidity since an active secondary market is not expected to develop in the Participating Shares.

Participating Shares are freely transferable between Qualifying Investors. However, the Fund may refuse to register the transfer of Participating Shares under certain circumstances described under "Transfer of Participating Shares".

The shareholders may be able to dispose of their Participating Shares only by means of monthly redemptions. The risk of any decline in the Net Asset Value of the Fund during the period of at least fourteen (14) days from the date of notice of redemption until the Redemption Day will be borne by the shareholder(s) requesting redemption. The Directors have the power both to suspend and to compel redemptions.

There is no minimum holding period before any redemption of Participating Shares will be permitted. The ability of Shareholders to redeem their Participating Shares may be suspended upon the occurrence of certain events as noted above under the heading "Subscription, Redemption and Valuation Days". The Directors may also, in their discretion defer redemptions as set out in Appendix B, Part IV under the heading "Suspension of Determination of the Net Asset Value of the Fund".

Substantial redemptions of Participating Shares within a limited period of time could require the liquidation of securities positions more rapidly than would otherwise be desirable, which could adversely affect the value of both Participating Shares being redeemed and the remaining outstanding Participating Shares of the Fund. In addition, regardless of the period of time over which redemptions occur, the resulting reduction in the Fund's assets could make it more difficult for the Fund to generate profits or recover losses.

Market Risk

The investments of the Fund are subject to normal market fluctuations and the risks inherent in investment in equity securities and similar instruments and there can be no assurances that appreciation will occur. Further, illiquidity in some markets could impair the Investment Advisor's ability to trade successfully or cause it to incur losses. The price of Participating Shares can go down as well as up and investors may not realise their initial investment.

The investments of the Fund are subject to general macro-economic conditions and may be affected by a worsening of general economic conditions globally or in certain individual markets. In the event of extreme market events, a combination of the risks set out in this Offering Memorandum may result in systemic risk to the Fund and to the Company.

Absence of Secondary Market

There is currently no public market for Participating Shares and the Directors do not anticipate that an active secondary market will develop. Participating Shares are not being registered to permit a public offering under the US Securities Act of 1933, as amended, or the securities laws of any jurisdiction inside or outside the United States.

Potential Illiquidity

It may not always be possible for the Fund to execute a buy or sell order on exchanges or markets at the desired price or to liquidate an open position either due to market conditions or due to the operation of daily price fluctuation limits. If trading on an exchange is suspended or restricted, the Fund may not be able to execute trades or close out positions on terms which the Investment Advisor believes are desirable. Additionally, in some circumstances, the volume of trading on the relevant exchange or market may result in such investments being relatively illiquid making it difficult to acquire or dispose of them at the prices quoted on various exchanges or markets. Accordingly, the Fund may experience adverse price movements upon liquidation of such investments and the settlement of transactions may be subject to delay and administrative uncertainties.

It is possible that the Fund may invest in illiquid securities but it is not considered that they will form a substantial part of the portfolio. "Illiquid" investments include any securities or instruments that are not actively traded on any major securities market or for which no established secondary market or redemption arrangements exist. Reduced liquidity resulting from the lack of an established secondary market may have an adverse effect on market price and the Fund's ability to dispose of particular securities or instruments when necessary to meet its liquidity requirements or in response to specific economic events such as deterioration in the operating fundamentals or the creditworthiness of the issuer.

Reduced secondary market liquidity for certain securities or instruments may also make it more difficult for the Fund to obtain accurate market quotations for the purposes of valuing its portfolio and calculating the Fund's Net Asset Value. Market quotations on many securities or instruments may only be available from a limited number of dealers and may not necessarily represent firm

bids of those dealers or prices for actual sales.

Dependence on Management

Although the overall supervision of the Fund is vested in the Board of Directors of the Fund, the Fund's investment performance could be materially affected if Mr. Kinch were to die, become ill or disabled or otherwise cease to be involved in the active management of the Fund. Camilla Anderson joined the Investment Advisor in February 2010 and has passed all three examination levels of the Chartered Financial Analyst programme. Camilla Anderson also shares responsibility for the Fund's investments with Mr. Kinch.

Dividends and Distributions

The Fund does not intend to pay dividends or other distributions, but intends instead to reinvest substantially all of the Fund's income and gain. Accordingly, an investment in the Fund may not be suitable for investors seeking current returns for financial or tax planning purposes.

Past Performance

As at the date of the Offering Memorandum, the Fund's operating history is nearly eighteen years. There can be no assurance that the Fund will continue to achieve its investment objective. The past performance of the Fund is not necessarily a guide to future performance. The Net Asset Value per Participating Share of the Fund increased by 410.3% between 31st December, 2002 and 30th November, 2020 (9.5% per annum) and the MSCI Europe (US\$) Index gained 99.3% (3.9%) per annum over the same period. This performance data is based on audited financial statements of the Fund up to 31st December, 2019 and the unaudited Net Asset Value per Participating Share of the Fund on 30th November, 2020. In the period from 31st October, 2007 to 28th February, 2009, the MSCI Europe (US\$) Index lost 61.6% and the Fund's NAV per Participating Share declined by 58.2% during the same period.

Custodian/Sub-Custodian Risk

The Fund is at risk of the Custodian entering into an insolvency procedure. During such a procedure (which may last many years) the use by the Fund of assets held by or on behalf of the Custodian may be restricted and accordingly (a) the ability of the Fund to fulfil the investment objective may be severely constrained, (b) the Fund may be required to suspend the calculation of the Net Asset Value and as a result subscriptions for and redemptions of Participating Shares and/or (c) the Net Asset Value may be otherwise affected. During such procedure, the Fund could be an unsecured creditor in relation to certain of its assets and accordingly the Fund may be unable to recover such assets from the insolvent estate of the Custodian in full, or at all.

Where the Custodian delegates the safe custody of the Fund's securities held by it pursuant to the Custodian Agreement to a sub-custodian located in another jurisdiction, the settlement, legal and regulatory requirements in such other jurisdiction may be different from those in the jurisdiction of the Custodian and there may be different practices for the separate identification of the Fund's securities. Where such are registered or recorded in the name of an agent or sub-custodian, they

may not be segregated and hence may not be as well protected as if they were registered or recorded in the name of the Fund or the Custodian, as the case may be. However, the Fund has obtained a letter of comfort from the Custodian to the effect that the sub-custodians currently engaged to hold the Fund's securities are required to segregate the securities held on behalf of the Custodian for the Fund and other clients from the general assets of such sub-custodians.

Credit Risk

The Fund holds non-invested subscription proceeds, interest and dividend income, and the proceeds from the sale of securities in bank accounts at RBC Royal Bank (Cayman) Limited, RBC Dominion Securities Global Limited and the Custodian. An account has been opened by the Fund with Butterfield Bank (Cayman) Limited but not yet funded.

RBC Royal Bank (Cayman) Limited and RBC Dominion Securities Global Limited, are wholly owned subsidiaries of Royal Bank of Canada holding company listed on the TSX and NYSE. Royal Bank of Canada had a Common Equity Tier 1 ratio of 11.1% as at 30th September 2018, a AA-credit rating from Standard & Poor, and a market capitalisation of US\$99 billion as at 31st December 2018. The Fund's cash balances held at RBC Royal Bank (Cayman) Limited and RBC Dominion Securities Global Limited are exposed to the credit risk of these wholly-owned subsidiaries of the holding company. In addition, the Fund's agreement with RBC Dominion Securities Global Limited provides that credit balances are held by the Royal Bank of Canada Europe Limited, a UK bank registered with the FSA and so are subject to that company's credit risk.

Any cash invested in money market funds is exposed to the credit risk of the underlying securities. To mitigate this risk, the Fund will invest only in money market funds with a high investment grade rating at the time of investment.

Butterfield Bank (Jersey) Limited and Butterfield Bank (Cayman) Limited are wholly-owned subsidiaries of The Bank of N.T. Butterfield & Son Limited ("Butterfield") which had a return on Common Equity ratio of 23.2% as at 30 September 2018, a BBB+ credit rating from Standard & Poor, and a market capitalisation of US\$1.75 billion as at 31st December 2018.

Butterfield is incorporated under the laws of Bermuda and has a banking license under the Banks and Deposit Companies Act, 1999 ("the Act"). Butterfield is regulated by the Bermuda Monetary Authority ("BMA"), which operates in accordance with Basel principles.

Butterfield is a full-service bank and wealth manager headquartered in Hamilton, Bermuda, providing services to clients from Bermuda, the Cayman Islands, Guernsey and Jersey, where its principal banking operations are located, and The Bahamas, Switzerland, Singapore and the United Kingdom, where it offers specialised financial services. Butterfield is publicly traded on the New York Stock Exchange (symbol: NTB) and the Bermuda Stock Exchange (symbol: NTB.BH).

IV. SUSPENSION OF DETERMINATION OF THE NET ASSET VALUE OF THE FUND

The Directors may suspend the determination of Net Asset Value. The following extract from the Articles of Association of the Fund sets out the provisions relating to the circumstances in which the Directors may temporarily suspend the determination of Net Asset Value:

24. The Directors may declare a suspension of the determination of the Net Asset Value for the whole or any part of a period during which:
 - (1) by reason of the closure of, the suspension of trading on, or the restriction of dealings on, any Exchange or any other market or if for any other reason circumstances exist as a result of which, in the sole opinion of the Directors, it is not reasonably practicable for the Company to dispose of investments or fairly to determine the Net Asset Value; or
 - (2) a breakdown occurs in any of the means normally employed by the Directors in ascertaining the value of the investments or when for any other reason in the Directors' sole opinion the value of the investments or other assets of the Company cannot reasonably be ascertained; or
 - (3) in the Directors' sole opinion the disposal or realisation of investments cannot be effected for any reason in the usual or normal manner or without prejudicing the Shareholders of the Company or the realisation of the assets or the transfer of funds cannot be effected at normal prices or rates of exchange respectively.

25. The Company may withhold payment to any person whose Participating Shares have been tendered for redemption until after any suspension has been lifted. Notice of any suspension will be given to any Shareholder who has tendered Participating Shares for redemption and to whom full payment of the Redemption Price has not yet been remitted. If a Redemption Request is not withdrawn by a Shareholder following notification of a suspension, the redemption will be completed as of the Redemption Date next following the lifting of such suspension on the basis of the Net Asset Value per Participating Share at that time.

Notice of any suspension of the determination of Net Asset Value will be notified to the CSX and to the Shareholders.

APPENDIX C

TRANSACTIONS WITH DIRECTORS

The Articles of Association of the Fund provide that:-

107. A Director may hold any office or place of profit under the Company (other than the office of Auditor) in conjunction with his office of Director on such terms as to tenure of office, and otherwise as the Directors may determine.
108. 109. A general notice in writing given to the Directors by any Director to the effect that he is a member of any specified company or firm and is to be regarded as interested in any contract which may thereafter be made with that company or firm, shall (if such Director shall give the same at a meeting of the Directors or shall take reasonable steps to secure that the same is brought up and read at the next meeting of the Directors after it is given) be deemed a sufficient declaration of interest in relation to any contract so made.
110. Save as otherwise provided, a Director shall not vote or count in the quorum in respect of any contract arrangement or any other proposal whatsoever in which he has any material interest otherwise than by virtue of his interests in shares or debentures or other securities of or otherwise in or through the Company or any of its associates or by virtue of his employment by, or of his holding of any office of, the Company or any of its associates.
111. A Director shall (in the absence of some other material interest than is indicated below) be entitled to vote (and be counted in the quorum) in respect of any resolution concerning any of the following matters, namely:-

112. Where proposals are under consideration concerning the appointment (including fixing or varying the terms of appointment) of two or more Directors to offices or employment with the Company or any company in which the Company is interested, such proposals may be divided and considered in relation to each Director separately and in such cases each of the Directors concerned (if not otherwise debarred from voting under the Articles) shall be entitled to vote (and be counted in the quorum) in respect of each resolution except that concerning his own appointment.
113.
